

# **NEW GUIDANCE FOR FOOD SERVICE CONTRACTS**

## **Javits-Wagner-O'Day Act (JWOD) includes Food Service Operating Supplies:**

**Contractors will be required to purchase and use products produced by firms under the auspices of JWOD wherever possible. Installation food service contracts which require the contractor to provide operating/cleaning supplies must contain revised language providing preference for JWOD products.**

**The enclosed Section C.4 (Contractor Furnished Items) and Technical Exhibit 6 (Recommended Supplies) have been revised to include suitable language that will ensure future contracts provide the desired levels of preference to JWOD firms. These revisions will be incorporated into the next update of the DA Prototype Performance Work Statement for food service contracts. Installations should use the enclosed information in the development of new solicitations and to modify existing contracts when options are invoked.**

**POC for this action is: Mr. Richard A Harsh, 804-734-4832, [harshr@lee.amry.mil](mailto:harshr@lee.amry.mil).**
